

The **INTERNATIONAL
CONGRESS of TROPICAL
PAEDIATRICS**

24 - 27th August 2014 Nairobi

Announcement

ICTP 2014

“Tropical Paediatrics and the MDGs: Where are we?”

*The Kenya Paediatrics Association welcomes you to
the 10th International Congress of Tropical Paediatrics
in Nairobi, Kenya, August 24 – 27th 2014.*

KENYA
PAEDIATRIC
ASSOCIATION

Greetings from The Kenya Paediatric Association!

Kenya Paediatric Association (KPA) is delighted to inform you that it will be hosting the 10th International Congress of Tropical Paediatrics (ICTP) tri-Annual Scientific Congress, from the **24 - 27th August 2014** at **the Kenyatta International Conference Centre, Nairobi-Kenya**.

Paediatricians interested in tropical child health and representations of paediatric societies meet every three years to critically address issues affecting children in the tropics and influence each other to improving the welfare of the child in the tropics. Kenya is honoured to host it for a second time.

The theme of the congress will be “***Tropical Paediatrics and the MDGs: Where are we?***”

As we approach 2015, the Scientific Committee deemed it timely to review the progress towards achievement of the MDG targets in the tropics.

During this congress, we expect the attendance of over 2,000 participants from all over the world and we will have presentations in different thematic areas by experts in the various fields including Neonatology, HIV, Pneumonia, Malaria, Nephrology, Gastroenterology, Neurology, Endocrinology, Neglected Diseases, Dengue Fever and other “Hot Topics”. In addition we will look critically at issues of Child Rights and Health Care Financing, realising that they affect children’s access to health care. During the congress, we will have presentations of original research in line with the theme.

We invite paediatricians and other stakeholders in child health to join us as we review our progress towards achieving the MDGs as well as work out a road map for the next steps for our countries and regions.

In addition, we invite exhibitors and funding partners from different sectors to come and partner with us in order to make this congress a success and to make a contribution towards improving child health in the tropics.

On behalf of KPA and ICTP Scientific and Global Committees, I warmly welcome you to Nairobi, Kenya for the 10th ICTP congress in August 2014.

See you there!

Sincerely,

Prof Fred Were
Chairperson, 10th ICTP
