

Thinking about a career in Paediatrics?

Medical Officers

We recruit medical officers via the Western Cape Department of Health block advertisement which is released twice a year (www.westerncape.gov.za/health). MO interviews usually take place twice a year, and we appoint people into the expected vacancies for the next 6 months. We sometimes have unexpected vacancies, so it is prudent to have a current application with HR.

A full application consists of recently certified copies (within 6 months) of your

- 1) ID
- 2) Degree
- 3) Matric Certificate
- 4) Registration with the HPCSA
- 5) Proof of current HPCSA registration (card or download from the website)

As well as

- 1) CV (with 3 references)
- 2) Z83 (signed and dated)

Your application will only be reviewed once your application package arrives at the HR office.

NB – the Block advert expires every 6 months, and only current applications are considered for shortlisting.

NB- Once a recruitment process begins, all matters relating to the interview process are confidential until the process is concluded
